

Empower Your Church

Church Accounting Software Tutorials

<http://empoweryourchurch.com>

Dear Friends:

I am currently working on upgrading the PowerChurch Plus tutorials for version 11.

When they are completed, I will make them available on my website, empoweryourchurch.com.

The pricing for viewing the version 11 tutorials will include an option to view them online, instead of purchasing the entire 10-hour package on DVD.

I would be happy to contact you when they are completed. Please send me your contact information on the form below.

Thank you.

John Meyers (johndmeyers on the power church help forum)
